Contents of packet received at registration:

- Contestant number (on a white, sticky nametag), which must be worn visibly on your shirt at all times.
- One Scantron per contestant with their contestant number on the top, right corner.
- This instruction sheet.

Items you can have with you:

- Pencils – #2 pencils for scantron sheets and taking notes
- Pens – Must be blue or black ink; can only be used to take notes – not to complete scantrons
- Notebook/paper – Plain paper/blank notebook may be used for writing reasons or notes and/or to keep track of your class placings
- **Clipboard – Needed to fill out the scantron sheet**

Items you cannot have with you:

- Study materials and resources
- Cell phones or any other electronic devices

Contest instructions:

- Place 6 classes, answer 2 sets of questions.
- Do not start judging a class or continue on to another class until instructed by an official.
- No talking. Violators may be removed from the contest. If you have a question, ask your group leader. Avoid standing or sitting next to teammates during the contest.
- Scantrons must be turned into your group leader when judging is completed. Late scantrons will not be accepted. It is not the group leader's responsibility to make sure your scantron is filled out correctly. If it is not, then you will receive a zero for class scores.

Placing a class:

- You have 6 class placing **columns** on a scantron sheet. You may want to write which species corresponds with the class number in your notes.
- The columns containing numbers 1 through 24 are your placing options. Four animals in each pen will be numbered 1 through 4.
- Once you have placed the animals in order from first to last, clearly mark the placing with an dark circle on your scantron that matches the order you placed the class. Make sure only ONE placing is marked per class. If multiple answers are marked, the class will be scored as a zero. See an example on the right.
