# BEEF EXPO

MARCH 15-17, 2019 / COLUMBUS, OHIO

I want to take this opportunity to invite all cattle breeders to the 48th Eastern Spring Simmental sale at the Ohio Beef Expo, Saturday, March 16th in Columbus, Ohio. The Simmental Sale will be beginning at 2PM to allow breeders to take in several of sales, and to allow our Ohio seed stock breeders to come and check out adding some Simmental genetics to their herds. The sale each year continues to grow and do well however this year the sale is loaded, the consignors have done well in providing some outstanding genetics.

The Simmental sale at the Ohio Beef Expo is always one of the premier events of the spring. We always have a large turnout of consignors from Ohio and surrounding states that are interested in promoting their genetics at this event. The 50 plus consignors are serious about bringing their best and you should be able to see while viewing the catalog and then walking down the sale isles on sale day. All I can say, it will be worth the trip whether you have purchased in the past or this maybe first visit to the Eastern Spring sale. A couple years ago, the sale, the association and the consignors wanted to step the quality and the numbers on the bulls. As you review the catalog and hopefully on sale day see for yourself the bulls are stronger than ever and old enough to go to work. The opportunity is here for commercial, club calf, and purebred breeders to select their next herd sire, that meets the standards of today's industry.

No matter what the lot number you will see many sale highlights in this years sale. The offering includes elite show prospects that will compete in the "Best" program, the Ohio State Fair, or this summers AJSA Eastern Regionals held in West Virginia or the Jr Nationals held in Kentucky. The sale includes functional breeds, pairs and top genetic lots consisting of both embryos and pregnancies. The diverse offspring consists of purebreds and SimAngus. As you view the catalog we have many special and unique lots; you make the selection of what is best for your program. Again, I say you need to be in attendance.

Don't forget to come early and take in all the events at the Ohio Beef Expo such as the many breed sales, the trade show, educational seminars, genetic pathway, junior heifer and steer shows and most importantly the 48th Eastern Spring Simmental sale. Saturday at the Ohio Beef Expo is always buzzing with cattle breeders taking in the sights and sounds of the Expo. Come and spend the day at the Expo and find yourself at the Simmental Sale at 2:00 PM.

If you have any questions regarding any of the sale lots I encourage you to visit with the consignors. The Ohio Simmental Association has a lot of support from its members and we are happy to work with Christina Fisher and Pam Haley for the sale. Please contact them if they can be of any assistance to you. Please contact DP Sales if Drew, Holli, or myself can be of any assistance as you look through your catalog. As always, we look forward to visiting with you at the 48th Eastern Spring Simmental Sale and this is the year to attend. Remember for some reason you can't attend the sale be bidding online at DV Auctions, so sign up early. Trucking is available to go in any direction.

## DIRECTIONS

**From the North** – Take I-71 South to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

**From the South** – Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

**From the West** – Take I-70 East to I-71 North. Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

**From the East** – Take I-70 West to I-71 North. Take I-71 North to 17th Avenue/Exit 111. Signs and parking attendants will direct guests to the proper parking areas.

## SALE BUYERS PARKING

For Saturday only, special trailer parking for Ohio Beef Expo sale buyers will be available on the main part of the fairgrounds just east of the O'Neil Barn where the sale cattle are located. To access the parking area, cattle trailers should enter the fairgrounds off of 11th Avenue at the OHIO gate. So avoid the hassle and long walk to get your trailer by parking on the grounds. This special trailer parking area is expected to fill up, so plan to arrive early. All other cattle trailers, including show and sale cattle exhibitor trailers and junior show trailers MUST park north of 17th Avenue after unloading.

## OHIO SIMMENTAL ASSOCIATION

Christina Fisher, President . . . . 419-606-2037

## SALE COMMITTEE

Pam Haley . . . . . 330-353-6072  
Christina Fisher. . . . . 419-606-2037

## SALE TERMS & CONDITIONS

All buyer numbers will only be issued with a valid ID and payment is due day of sale. DP Sales Management, LLC would appreciate timely settlement of receivables within 15 days of date of sale. Any person not complying with that guideline will be pursued legally. Cattle will not be transferred until paid for in full. We accept Visa and Mastercard.

## HERD HEALTH

All cattle will have interstate health charts required for shipping into other sections of the United States. All bred females will have been pregnancy examined.

## PURCHASER'S RISK

Each animal becomes the property of, and therefore the risk of the purchaser as soon as sold. It shall be the obligation of the seller to see that animals are fed and cared for (free of charge) until loaded for shipment or until the expiration of 24 hours after the sale, whichever occurs first.

## GUARANTEE

All cattle sell fully guaranteed under the Suggested Terms and Conditions of the American Simmental Association. All animals sell clean or free on their genetic status with the ASA

## ANNOUNCEMENTS

Announcements made form the auction block by the owners or the auctioneer will take precedence over statements in the sale catalog. We reserve the right to withdraw any sale lots not meeting our specifications prior to sale time.

This baldy is definitely eye catching with her straight lined, flawless profile. She combines plenty of rib shape, stoutness, capacity and style that are desired in any breeding program.

CE	BW	WW	YW	MCE	Milk	MWW	Marb	REA	API
6.0	2.5	64.3	90.7	2.4	12.4	44.5	-0.23	0.66	88.0

The proof is in the pedigree here. 28F comes from a long line of champions and lead off donor cows. From Ali Muir's Supreme female at the Ohio State Fair, TJSC So Sweet 73A, to the VanVorhis family's Champion Simmental at the 2018 OSF and OBE, to TJSC Hammer Time 35D Reserve bull at the 2018 NWSS. There have been sibs to this female sell anywhere from 77k, 40k, 38k, 35k, 17k and on down. 28F herself is great from the ground up. She is long fronted, great in her rib shape, huge footed and good muscled. You won't want to miss this opportunity.

We purchased the dam of this heifer in 2014 from the NAILE Select Sale. Her dam is sired by Mr NLC Upgrade out of VA Tech's Polly Anna donor. The Pollyanna cow family has done great things both in the showing and in the cow pastures. This heifer will no doubt carry on that legacy. Her sire, TLLC One Eyed Jack, needs no introduction. Janna is a big hipped, deep bodied female that will mature into an easy fleshing power cow. She sells open and ready to breed.

Another Player heifer that goes back to our 54s Lutton donor that has had success for many breeders. Chris Effling just had the Grand Champion Percentage Bull in Denver out of a Lutton Daughter he purchased in Denver for 17,000 3 years ago. See his sale it has many top progeny out of that daughter. Mark Mueller bought High Regard out of the stall for 25,000 in Denver and the next day won his Class and Division. He also purchased a flush out of 54s with great success. My good friend Gene Rowe purchased a 54S x Dominique for \$15,000 and has built an incredible herd from her progeny. This heifer has been good from day one smooth shouldered, deep sided and clean fronted a front pasture female that will pay for herself time and time again

13.7	0.2	60.0	82.4	6.7	22.5	52.5	0.05	0.95	125.0

Cherry Mavis F807 is a long sided solid red female who is extended through her front third with a tremendous amount of natural muscling and performance. F807 is a powerful individual in her own right but her genetic potential may be more exciting being out of the famous Ebony Mavis donor formerly owned by Sloop Simmentals, and the popular and high selling WC Bankroll. Ebony Mavis has been a factory in production and has stood the test of time as she is still going strong at 15 years of age. F807 is a unique breeding piece that will carry on the legacy of the Ebony Antoinette line and continue to make money for her new owner.

Faelynn's dam, Anabelle, continues to remind us why she is a favorite in our herd with each calf she produces. Annabelle produced a quality bull calf in 2017 that was named Grand Champion Simmental Bull at the NY State Fair, Champion Simmental Bull Calf at Keystone, and a class winner at Louisville as a calf. Faelynn herself was named Reserve Champion Simmental Heifer Calf at the NY State Fair this past summer. If you like long bodied, feminine made females that have natural depth of body and capacity in an elegant package, then Faelynn should get your attention. Show her or add her to your breeding program, either way you won't be disappointed.

A goose fronted heifer that goes back to the Ellie tribe that has had great success for us over the years and for many others. Beshears just sold a bred out of the 39X4 cow in Louisville for \$5,000 plus. Embryos from 3 sisters sold through the roof at the Embryos on Ice in Denver. Now comes the sire our \$17,500 at Werning's W/C Tribute, a full sib to Relentless that semen is dangerously low due to an injury. This heifer will show this spring and summer then bring her back as a bred to your state fair and claim your banner!

Lot 10

HILL

This elegant star faced female is out of our premier donor cow that we purchased as a show heifer from Bob May. In her abbreviated show career she garnered a purple banner each time out including The Badger kickoff classic in Wisconsin, the Ohio AGR Holiday Classic and the Scarlet and Gray Midwest Show-down before entering our donor program. BeBe has the size and power to make a beautiful show heifer and a great cow. Her undeniably striking presence will make you stop in the aisle and take a good, hard look. This one is the type that is hard to part with. Her flushmate brother sells as lot -- in this sale offering.

Unfortunately, we just lost this heifer's dam, so we should probably be keeping this one as her replacement, but we promised DP Sales that we would include this heifer in the sale so here she is. Sired by the amazing producer...W/C Relentless 32C. Hicks Cattle has informed us that Relentless may not be in production due to an injury, so if you want some Relentless genetics you should consider buying it now. This girl does not only offer all the Relentless attributes, but her dam is backed to K-Ler Make It Rain and BMR Explorer. Please take the time to look at this complete genetic package and good for you if you are the winner when the gavel hits. We feel so strong about this heifer we reserve the right to one (1) flush at our expense and the new owner's convenience.

*830F gives you the perfect balance of cow power and eye appeal. We think that this one can compete at any level in the percentage division. She is sound-structured, big hipped and explodes thru her rib cage all while possessing smooth shoulder and a long clean front. Her dam is a powerful half-blood cow out of Mack AF W273 backed by N Bar Emulation EXT that has hung banners as a bred and as a mature cow calf pair. Maternal sib bulls have gone to progressive commercial operations and we have retained her only other sister. This fancy daughter of Stepping Stone is sure to have many friends in Columbus.*

You buyers are going to love this heifer. She is long, level spined, freaky necked, beautiful headed female that is the best haired. Black Ace is square hipped, correct bone structure on a sound foundation with good feet and a killer profile. Her dam was Supreme Overall Heifer at the 2013 American Royal. A full sib sold to Sullivan's for \$20,000.00. This is truly a rare opportunity to purchase progeny out of the Lucy 407Z Donor. Don't miss out on this opportunity.

Loveless Lady should draw a few cattlemen's attention in March. Whether it be her extra splash of chrome, or her attractive profile, I'd expect this May born Quantum Leap daughter to find a few friends. She's a long patterned one that's extended through the front portion of her skeleton, and remains correct in her angles. To sweeten the deal, her dam is a rising star in our donor pen. HPF/Angelich Lady 435B was a Division Champion and Top 10 Overall Purebred Heifer at the 2016 AJSA Eastern Regional. Although this female is green in her condition now, proper management could have this one following in her dam's footsteps

Hers a little different twist to what we usually sale, but there is a whole lot of quality here. We usually like to let our fall heifers get a little more size to them before we let them go, but we wanted to bring something a little more unique to this year's expo. What better way to do that then offer a heifer a young Junior can get started on right away and have 2 seasons to show her. Clair is a very complete heifer that's flexible off both ends, deep bodied, and really level. The young optimizer cow she is out is also a very complete female with a stunning profile and as you can see has done great with her first calf.

Pregnancy due June 19, 2019.

Here is an opportunity that does come along each day. We are offering a pregnancy out of the Serena donor. In the Clear Choice sale we offered half interest in Serena and we was overwhelmed by the interest in this exceptional donor by breeders across the country. We know the track record of her progeny generation after generation and what they have done for our program and Trennepohl how you sometimes never know till the gavel falls. That say Serena commanded \$85,000 for half interest going to Hicks Cattle Co. You never know which mating could sire that next champion or sale topper. One thing we know the apple in this case doesnt fall far from the tree. This family is deep rooted. The Uprising pregnancy is due June 19th. Call for additional details on genetic opportunity.

LOT 67 / STF Brianna BN53

BN53 Classified Daughter

Selling 3 embryos, guaranteeing 1 pregnancy

STF Brianna has quickly sorted herself to the top of the donor pen here at Missing Rail.

*She is bold in her design and is stunning to look at even in her working clothes. She had a lot of friends while she was on the road just a few short years ago and her popularity is only continuing to build as her list of progeny grows. Get on board now with the progressive operations that have already invested in genetics from this rising phenom: Elmore Cattle Services (Flush), Haley Farms (Flush), Graham Cattle (Open Heifer) and Liggett Farms (Open Heifer).*

*The embryos selling are sired by the hottest bulls available today and you get to choose which on will be the greatest influence on your program. Choose from: The Sire of Champions, Mr HOC Broker; The back to back Denver Champ, SC Pay The Price C11; or the hot and limited Angus sire, PVF Blacklist 7077. We have calves out of all these matings on the ground and the consensus is that BN53 flat works any way she is mated. Ask us about the results this donor has produced so far and get in on your part of the legacy!*

Selling 3 IVF embryos, guaranteeing 1 pregnancy  
 In Denver a few years ago walking through the hill cattle I noticed a bull Tingle Grand Fortune and Admired him I also noticed his dam was Hope Floats a day earlier an open sold at the one by Hope Floats to Hudson Pines for 28,000. The Bull ended up being Grand Champion. A heifer at Back to the Basics sold for 25,000 then another in Denver for 52,000 Valuation. Ok I needed to view this Cow and as luck would have it a longtime friend Dale Phelps called and asked if I would be interested in partnering in the purchase of Hope. Dale had purchased a few of Hope progeny and won quite a few accolades with them. If you didn't know anything about cattle and you were to view Hope you would say this cow is SPECIAL! Hope is an outcross Dam that serious breeders should have her bloodlines in there herd. Dale and I have flushed her to 2 of the top bulls in the country. WLE Copacetic the 2018 NAILE and American Royal Champion and the 71,000 half interest Ruby's Turnpike bull. Embryos housed at Trans Ova and must be put in by licensed embryologist 1 pregnancy guarantee.

Selling 3 embryos, guaranteeing 1 pregnancy  
 We recently selected this powerful red donor out of the Spring Turnout sale from Sloup Simmentals as the top selling pair. The red donor is somewhat is an outcross to many bulls today and has loads of breeding opportunities. Miss Yardley being open with a calf at side we decided to flush prior to making her home in Ohio. So we hit a home and flushed to W/C Loaded Up 90D. We are able to share genetics and benefit the Sweepstakes. Call for any details on this awesome red individual.

Here is some genetics you will want to consider on sale day. The JF Lady 865U is a donor that always has been popular because of her really good look and overall complete design. However the best factor is that she has the ability to pass this along to her progeny. A daughter sold for \$30,000 and two breds sold in the Right By Design sale by Loaded up and Blaze of Glory. One set of three embryos are IVF reverse sort and sired by the many time champion, Womack. The second set are sired by the high selling Jack Around the outstanding son of Serena. The combination of genetics and blend will only be rewarding and profitable. The Womack eggs are IVF reverse sort and the Jack Around are conventional. Selling three embryos or just take all six. All sell with the proper guarantees.

Pictures just don't do this guy justice. *Joker* is a must bull for the serious minded cattleman. He is exceptionally smooth made throughout and with how nicely his shoulders are laid in coupled with his low birth weight of 65 lbs, he should be an easy calving sire. His weaning weight of 730 and yearling weight of 1370 he also shows performance. Soft made, long hip, deep quartered, big footed with plenty of bone and clean front are some things you will appreciate about him. This bull is also one of the most gentle beasts I have ever worked with. His flushmate sister sells as lot 11.

We purchased the dam of this bull from the Ohio Beef Expo sale in 2015. His dam is an own daughter of Built Right. We like what she has done so much we kept her first bull calf for ourselves and he was Reserve Champion AOB bull at the VA State Fair his first show out as a calf. The next year he was AOB Champion at VA State Fair. We like this guy even better. Combine his dam with TLLC One Eye Jack and you end up with a big hipped, wide topped, stout boned future herd sire with a proven pedigree and a great disposition. And who doesn't love a white face? Study the pedigree well and you will find some of the best bloodlines in the breed. Whether you wish to breed purebreds or percentages, don't miss this guy on sale day.

If you are like me you do not like when footnotes say "I should not be selling this one". Well, we should not be selling this one, but he deserves to go to a farm/ranch where he will get more exposure than we can offer. He is a full sib to PAL/CLAC Meant to Be, which is listed with Cattle Visions hand has done a great job so far. Other full sibs have sold for \$120,000, \$50,000 and \$42,000. This flashy guy is hugh bellied, offers a lot of muscle and moves very well so he will be around for a long time. We are retaining 25% semen rights and look forward to working with the new owner.

Here is one that has as much power and structural integrity that you could ask for, as well as an awesome look. The story behind this pedigree is one that is successful and just beginning. Last year we sold a full sister to Diamond 232F for 25k to Iowa and just recently a crowd favorite in Denver, TJSC King Of Diamonds 165E, was named Reserve Simmental Bull at the NWSS. With the cow power on the bottom side of this bull's pedigree, you can't go wrong.

F814 has a front end that all cattle people dream about. A super clean front that ties in to a very angular front end with plenty of substance in his ribs shape into a massive rear end. Load up can definitely add muscle and clean up front in on any type of cattle. Check Out Load Up on sale day.

*Lot 102*

Lot 102: Bankrupt has been admired by everyone. Undeclared in class and division, Champion Simmental at the 2018 Michigan State Fair Junior Show, and Reserve Champion Percentage Simmental at the 2018 World Beef Expo are already claimed by this young stud. He has as much top, hip, and rib shape as you can put in one and he is still super clean and attractive. Ground up, he is spot on, big-good footed, clean jointed, correct in his angles and sound. Whoever buys this bull will have offspring that can generate income for years to come. Look in on this one boys!

Lot 103: Amazing opportunity to purchase a full sibling to Long's Sweet Treat - One Eyed Jack's dam and \$17,000 high seller at Iowa Beef Expo, Long's Steel Shot - \$15,000 Denver sale highlight and popular AI sire and Long's Foxy Lady that was campaigned very successfully and was high selling bred at Louisville for 13,000. Being a March born we decided long ago Flexsteel would be a perfect consignment for the Ohio Expo. Study his picture, he is really that good and even better in person!! Flexsteel is Homo polled. We take coming to Ohio Beef Expo seriously as several of you will remember our record setting debut consignment bull a couple years ago. Flexsteel will be a must see consignment this year!!

A Bull from a stellar flush from Neon Rey that needs no introduction as we just sold a High Regard donor in Denver for 38,000 to our good friends Trey and Brenda Hardesty from H2O Farms. Neon passes on power and longevity with top sellers and winners around the country. Reagan was in our pen of three bulls in Denver where he was recognized for his big foot, ample rib and ease of movement and scrotal development. Reagan will probably be one of the younger bulls in this offering, but we believe this young stud will make an impact on discriminating breeders herd. He is an outcross sire that we all look for and need to give us some diversity. A maternal brother won the World beef expo and sold for 41,000 dollars. Give Reagan an evaluation you will look smart next calving season!

**AI'd to DSFF Vision 363D, ASA# 3188463 on 5/13/18. Confirmed safe with a heifer calf by ultrasound, due 2/19/19.**

We decided to bring a cow/calf pair this year and give juniors a chance to raise their own junior heifer prospect. Our Lazy H Built to Burn donor has produced many donor and show prospects. Nick Sloup purchased a Lock n Load for \$12,000 that ended up in his donor pen. Show winners have been class winners in numerous shows. Ms Classy is strikingly marked and has a great disposition. She should calve on 2/19/19 to the Lot 1, DSFF Vision 363D bull that sold in Hartman's sale for a high premium to Tom Klinger. His first calf crop was a sensation so we decided to invest in a semen package. Ms Classy should bless us with a show heifer prospect soon.. work will be half over on this one!

**PE to FSC1 Anchor, ASA#3445130 from 11/1/18 to 12/5/18**

Okay, we just sold a Neon Rey bred for 38,000 in Denver. Last year a bred sold to Jerry Lee who raised Neon Rey for \$20,000. We sold a flush to Greg Stewart and Andy Mast for \$5,000. FBF1 Absolute tore up the show circuit winning the World beef expo and selling for \$41,000 the list goes on. The Jeffers from Kentucky purchased this heifer and had a successful show career with Dolly they entered our buyback program and are showing a highly competitive No Remorse daughter by our Gemstone Donor. Dolly not only has a gene pool to be proud of but is dead broke and bred to our Amazing CCR Anchor bull out of a Lock N Load Coleman Angus donor. Let your Juniors show a bred this summer.

Right off the top of the bred heifer pen! When I see this heifer standing in the field, I really question why we're selling her. The deciding factor is the insurance of two younger sisters from her dam, one of our favorite young half-bloods. She is powerful in her design, yet stunning on the profile and moves fluidly on a stout bone and big foot. When we got done peeling the hair off of this one for pictures, I asked Emily why we didn't show her! Did I mention she is a complete outcross, look at her pedigree for yourself to see what I mean. She will be nursing a calf by sale day sired by the recently deceased JC Journey 610E.

**115A: Bull calf at side born 1/10/19 by CCR Wide Range 9005A, ASA#2725666**

An outstanding daughter of SVF Allegiance Y802 that is already in production! The hard work is done with this one as she is nursing one stud of a bull calf sired by the popular CCR Wide Range 9005A. This young calf has exploded since birth and he has a lot of potential. 725E is neat fronted, long spined, and carries herself on a superior running gear. Her udder is beautiful in its design with ideal teat size and tight suspension. She is backed by one of our young foundation cows that always brings a keeper to the weaning pen. This female is straight out of the bred heifer pen and we should probably not be selling this pair. She sells open and ready to breed.

**PE to Lazy H/RJ Undisputed C33, ASA#3045024 from 5/17/18 to 9/20/18**  
 E01 is a square hipped big barreled solid black 3/4 blood heifer. This FBFS Warsaw daughter is square enough made to be bred purebred as well as sound and big bellied enough to be bred for steers if that fits your program. I am really liking my Warsaw females for the excellent milk and udders that they possess as well as there moderate frames. E01 is bred to Lazy H/RJ Undisputed the baldy purebred combustible x 8543U bull that won the OSF and was reserve in Keystone in 2017. Look in here for a first calf that will be a purebred and will likely pay for your invest quickly.

Since the beginning of my junior show career, the Ohio Junior Simmental Association and the American Junior Simmental Association have played a role in my development as not only a young cattleman, but also as an individual. Because of what these organizations have given me, I am excited to give back. "Volk Backdraft CC F810" is a sire that we believe can influence the future of red Simmental cattle for years to come. This direct son of "JS Flatout Flirty 46T", is an exciting fresh red sire option that has the ability to influence the Simmental breed through phenotype and genotype. He offers unrivaled maternal strength, combining infamous breed leaders "Flatout Flirty" and "Miss Werning KP 8543U". His elite pedigree is enhanced by the fact that he blends an outstanding skeletal build with added power and dimension. Don't be caught off-guard by the "Backdraft", use this sire to ignite your herds genetic potential this breeding season! **25% of the proceeds of semen sold in this sale from "Volk Backdraft CC F810" will be divided evenly between the Ohio Junior Simmental Association and the American Junior Simmental Association. Semen is priced at \$40/unit and is available today in increments of 5 units.**
